# GPS TOOL TRACKING DEVICE FEATURES

## Run Hour Monitoring

Capture run hours based on movement to understand and optimize utilization of tools.

## Off-the-Shelf Batteries

Powered by off-the-shelf batteries with up to 6.5 years of battery life, featuring built-in battery life monitoring.

## Flexible Configuration

Configure device parameters such as heartbeat rate, movement and accelerometer settings, and more to fit any tracking application.

## Impact Detection

Configure impact-detection alerts when g-forces are exceeded by a user-defined threshold.

## Rugged & Weatherproof

IP67 rated housing ensures the device can withstand fine dust, high-pressure spray, submersion for 30 minutes in 1m of water, and extreme temperatures.

## Periodic or Movement-Based

Configure devices to send updates based on set time intervals (1x, 3x, 5x a day, etc..) or when movement occurs.

## Theft Recovery

Switch to Recovery Mode in the case of theft or loss to activate live-tracking at 30 second intervals for asset retrieval.

## Easy Install

Multiple installation options for covertly securing devices to assets with screws, bolts, cable ties, rivets, and more.

# GPS TOOL TRACKING DEVICES

## OYSTER

Ultra-rugged, long-life battery-powered GPS tracking device with up to 7 years battery life for asset tracking and management, theft recovery, and more.

## YABBY EDGE EDGE

Ultra-rugged and compact Indoor/Outdoor battery-powered asset tracker. Features cloud-based location solving for over 10 years of battery life.

## OYSTER EDGE

Ultra-rugged, Indoor/Outdoor battery-powered asset tracking device and Bluetooth® Gateway. Features cloud-based location solving for 10+ years of battery life.

## GUPPY Bluetooth® Tag

Tiny, lightweight and ultra-rugged battery-powered Bluetooth® tag with up to 5 years of battery life for affordable indoor and outdoor asset monitoring
